

# ASSESSMENT AND GRADING ANALYSIS

Examining grading, reporting and assessment practices to evaluate the current reality and to set goals as part of your continuous improvement efforts.

*Did you implement Standards Based Grading years ago? Did you have a large turnover in staff since the implementation?*

*Wondering how well your SBG instructional efforts are meeting the needs of your students? How consistent are your practices across your teams, grade levels, and schools?*

*Are all students successful with grade level standards? Are you seeing the instructional gains you expected with your current SBG practices?*

## COMPREHENSIVE REVIEW

The Assessment & Grading Audit will examine all components of grading practices and beliefs and assessment, including teaching practices, school and classroom structures, and student learning outcomes.

## EXPERT ADVICE

Our team has decades of experience evaluating current practices and planning for improvement. Our strength is in our diversity of perspectives, including classroom teachers, coaches, coordinators and school and district administrators.

## FOCUSED ACTION PLAN

We will work with your team to develop an impact focused action plan based on the results of the audit. The plan prioritizes your school's goals alongside evidence-based practices.

# ANALYSIS PROCESS

In order to best support you in meeting your grading, reporting and assessment goals, each step in our audit process is guided by the unique needs of your school or district.

## BASELINE INTERVIEWS

Information is gathered from key leaders and content and/or grade level teams to determine the current grading, reporting and assessment practices and beliefs, as well as the goals of the school or district for student learning.

## DATA ANALYSIS

Data is examined to reveal patterns. After analyzing the data from each content and/or grade level team, strengths and areas for support moving forward as a school are identified.

## ACTION PLANNING

Based on all of the evidence gathered and reviewed, comprehensive recommendations are made. These action steps are written to be actionable and to lead to student learning impact. Support can be provided to implement the plan.
